iPad2 stand holder

Strength and stability! A clever way to show off your iPad.
The new mount is guaranteed to hold the iPad effectively and safely. For use on stage, in the rehearsal room or at home - the 3/8" internal thread means the holder can be attached to any microphone stand easily and quickly. The iPad is clipped in and out of the holder effortlessly. An easy-to-use wing nut adjusts the tilt so the user can easily find a position to suit them. The iPad can be rapidly switched between the vertical and horizontal format, whereby slip is prevented. For iPad2.

Product variant

19712-300-55 - black 3/8"
