CHRIS BRADY

For years, drummers have been looking for a drum with today's innovation and that great unique sound. This is a rare combination in today's fast paced world. With the help of world renowned drummer/drum designer Chris Brady, we are proud to introduce our new Rose Gum Artisan snares. Each of the three sizes were carefully chosen based on the nature of the Rose Gum and the experience shared by many world famous drummers.

To incorporate today's innovation and to capture that unique sound, the three snares are equipped with Dunnett snare throw-offs, Evans USA Drumheads and Die Cast hoops. Every little detail was thought out between Chris and Dixon's drum team. Countless hours were devoted in the making of these three snares, yet, nothing sounds sweeter than the taste of a "True Unique Sound."
