Curved Headjoint Model
with Straight Headjoint

Alto

The Pearl Alto flute is a truly monumental instrument, as it is the only Alto flute on the market to have our world renowned Pinless mechanism and One-Piece Core-Bar construction. In addition, the hand position is extremely comfortable, and the headjoint is responsive with excellent projection. The exceptionally efficient and dependable mechanism is complimented by Pearl's devotion to exact intonation, wide dynamic spectrum and tonal flexibility. The Alto flute comes with either a Sterling Silver headjoint (Model 206) or with a Sterling Silver embouchure lip and riser headjoint (Model 201).

Each model comes in three versions:

PFA-201S or PFA-206S- Straight headjoint model
 PFA-201U or PFA-206U- Curved headjoint model
 PFA-201SU or PFA-206SU- Straight and curved headjoint model
