Bass

Where artistry and technology blend.

A fourth-generation flute maker, Kurt Gemeinhardt dedicated himself to creating remarkably responsive instruments with a beautiful tone that would distinguish them from all others. Today, Gemeinhardt continues his legacy by incorporating the craftsmanship of the past with today's sophisticated technology to create flutes that are as artful as they are advanced. An instrument of pride for flutists of all talents and abilities.

Durably constructed of the finest materials, Gemeinhardt flutes feature precisely drawn and rolled tone holes, power-coined keys, and our exclusive four-post footjoint construction which make our flutes exceptionally strong. Other features

include Gemeinhardt's unique embouchure hole design, proportioned tone holes and pad cups to ensure even response and extraordinary tone throughout all registers. In addition, a gizmo key (high C facilitator) is standard on every B foot model flute. Gemeinhardt flutes also feature superior key mechanisms for fast action and outstanding playability.

As the largest exclusive manufacturer of fine flutes and piccolos, Gemeinhardt instruments are known and trusted for their acoustic and mechanical excellence, and are the preference of more flutists the world over. A preference you'll understand once you play any one of our remarkable instruments.
