

# CLARINET

“Thanks to JUPITER, we have a good start on music learning and enjoy the lovely moment when playing together.”

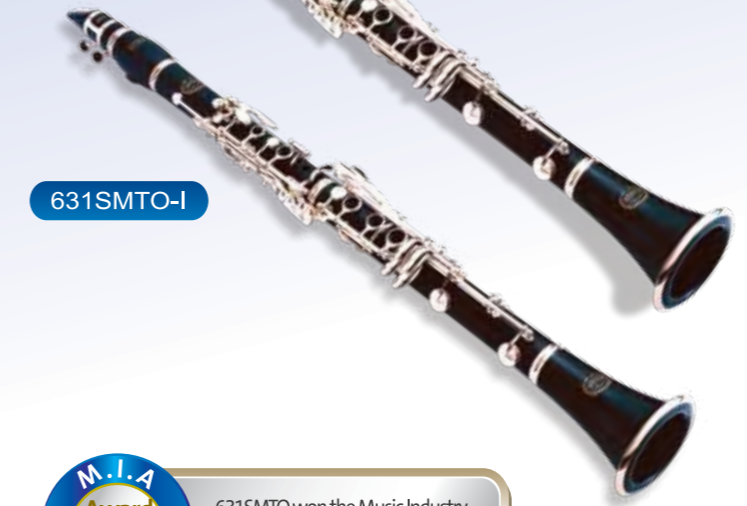

JUPITER®

631NT

631SMO

631SMT0-I

737STO

931S

631SMT0 won the Music Industry Association's Award for best Woodwind Instrument 2005.

**Parisienne Series Clarinets (931S)**  
Parisienne models are made from aged premium grade Grenadilla wood, which is precisely reamed to a tapered bore with undercut one piece tapered tone holes. The bore and tone holes of every instrument are hand polished and finished before keys and mechanisms are attached.

## JUPITER Standard Clarinets

JUPITER utilizes global R&D network with educators to design the clarinets to satisfy students' desire for music. The adjustable thumb rest and neck straps of JUPITER standard clarinets really help the hand position of beginners and keep their embouchure consistent. The comfortable design and reliable quality enable students to develop musicianship easily.
