JUPITER XO Saxophones

Each JUPITER XO saxophone features handmade one piece neck, body and bell to enrich the resonance with balance vibrancy. The ergonomic design and accurate craftsmanship on key mechanisms provide more comfortable and easy playing. The elaborate engraving and distinctive pearl inlaid express JUPITER XO saxophones not only as an instrument but also an artistic collection.

Kevin Harris

Saxophonist in Dirty Dozen Brass Band

"JUPITER Saxes are exactly what we've been looking for. They respond evenly throughout the horn and always produce the sound that fits our style. We don't have to put extra effort into playing, so the horn isn't ever in the way of what is most important- the music."
