

From the Hands of One Craftsman, to Another

The craftsmen at Vandoren have created a revolutionary new clarinet mouthpiece. Completely redesigned inside and out, the MASTERS line produces a perfect balance of richness, stability and projection. Built without compromise, for those who play without compromise, the Masters mouthpiece is a work of art for creating works of art.

Major News for Clarinetists

The new MASTERS mouthpieces feature a specific bore, a new chamber as well as a new exterior design.

Two models have been developed with facings specific to this series: CL4 and CL5. They are very easy blowing and have exceptional sound and tuning characteristics.

	RECOMMENDED REED STRENGTHS			COMMENTS
NEW CL4	3 → 4	3½ → 4	3½ → 4	The CL4 is characterized by a very radiant, clear sound and exceptional intonation. It allows precise, easy blowing and flawless articulation.
NEW CL5	3 → 3½	3 → 3½ +	3½ → 4	The CL5 is characterized by a round, full sound, exceptional intonation, and perfect homogeneity and projection.

Kits

The MASTERS mouthpieces require specific ligatures

They can only be used with series M/O metal ligature or with flexible ligatures, like Leather or Klassik Vandoren ligatures.

The CL4 and CL5 are available either separately or in a kit with their M/O ligature and plastic cap.
