\$ 1,299 RRP

Key Features

YSL154

- Chrome-plated yellow brass inner slide is very durable and has a quick, sensitive response.
- One-piece yellow brass outer slide maintains an accurate diameter throughout its length and this type of construction ensures, airtightness, smooth action, and exceptional durability and adds resonance to the sound.
- Specially designed one-piece inner slide stockings guarantees airtight slide construction, offer smoother slide action and better alignment.
- Balancer perfectly proportions the instrument's weight.
- Long-lasting nickel-silver tubular braces contribute to the stability of the slide and enhances smooth slide action.
